Restwel Mattress

Silk floss is the product of the Kapok tree.

It is the finest mattress filling known to science. Being a vegetable product, it is free from all animal matter—which often breeds germs.

Silk floss is a solid fibre—not hollow like most fillings. Silk floss is water proof—and as light as the finest down.

A Restwel Mattress

only weighs 30 lbs.

The makers of Restwel Mattresses have their own plants on the island of Java—there the silk floss is gathered, sorted and shipped to America. Then it undergoes a wonderful patented process of sterilization before it is used in the scientifically constructed Restwel Mattress.

We sell RESTWEL MATTRESSES—first, because they are absolutely guaranteed; and, secondly, because they give the best satisfaction of any mattress we know of.

While with all these virtues, THEY COST NO MORE than the UNSATISFACTORY mattress—whose filling is of uncertain origin.

Probably the finest barber shop in the state was opened in the Henderson block this morning by William Miers, in the quarters recently vacated by the Burnett shop. In the past few days, the interior has been entirely renovated. To harmonize with the fixtures, the walls and ceiling have been newly enameled and other improvements made. Mr. Miers will employ four barbers and the tonorial accommodations he has provided undoubtedly establish the shop as the best that can be equipped. White enameled chairs of the very latest type are arranged in front of French beveled mirrors, each flanked by an antiseptic sterilizer for tonorial tools. The washstand is located in the center of the shop, easily accessible from every chair. The proprietor has spared no pains in furnishing the interior. Chairs for those who wait are done in hard finished oak and an oak table furnishes the customers with current literature. Barre friends of Charles Collins, until recently of Lynn, Mass., and William G. Scott, of Bradford, both former employees of Mr. Miers, will be interested to learn that they have been engaged to complete the quota of barbers. Mr. Miers will continue to conduct his shop in the basement of the Boyce block.

A Few Facts to Consider What Will Your New Suit or Coat Look Like After You've Worn It Awhile?

Two Suits may look very much alike when new, but it is the honest workmanship, the stitching and tailoring that cannot be seen, that gives permanence and durability not only to the garment itself, but to the graceful lines that you admire so much when you first put on your new Suit.

The several lines that we carry are famous for their perfection of style, for the beauty of fabrics used, but especially for the superb tailoring which gives them their perfect lines and unequalled air of refinement which you see in garments.

And all of this good character and good looks stays with the Suit, to return with all its original beauty every time the garment is pressed.
